TO WHOM IT MAY CONCERN

We recommend M/s Vimson India Engineers, located at Sector 10, Plot No. 3A/2, Pradhikaran, Bhosari, Pune, who are providing us various types of Vertical Blenders since 2007 on regular basis against our requirements for the entire Group, at various locations such as Guwahati, Noida, Himachal Pradesh. All the machines being supplied by them are rigid, user friendly and compact as well.

These machines have been commissioned by us without any difficulty and as of date the same are working satisfactorily without any trouble. Moreover, these machines are maintenance free.

We find the said supplier to be a very good one, not only in terms of their quality products but also in their response sensitivity and approach in dealing with the customers, which we appreciate a lot, keeping in view the needs of the business practices and that's the main reason for our recommendation.

We wish all the team members of M/s Vimson India Engineers, all the very best in all their future endeavors.

Thanking you,

Yours truly,

For Dharampal Satyapal Limited
