TO WHOM-SO-EVER IT MAY CONCERN

We are happy to issue this testimonial to VIMSON INDIA ENGINEERS, having their office and factory at J-500, J-block, Midc Bhosari, Pune, Maharashtra, India-411021.

They have supplied us Starch Recovery Unit which is of 2 Cyclone System. We are very much satisfied with the quality of their supplied Equipment and the starch production. It is really up to the mark. Its a pleasure to work with people who know the meaning of efficiency.

We found the supplier to be very good, not only in terms of product quality, but also in terms of response sensitivity and approach to dealing with customers, which we greatly value, bearing in mind the needs of business practices, and that is the major reason for the recommendation.

We look forward to many more years of cooperation. Thanks!
