TO WHOM-SOEVER IT MAY CONCERN

We are pleased to issue this testimonial to M/s Vimson India Industries, having their office and factory at Plot No.3A/2, Sector 10, Opp. Unity Building, Hanuman Industrial Premises Co-Op Society Ltd, PCNTDA, Pradhikaran, Bhosari, Pune - 411 026, who fabricate and supply turn key processing plants and equipments etc..

At our Neral farm near Karjat (Maharashtra) they have successfully supplied and installed an "Aromatic Distillation Plant" for extraction of Oil from Citronella grass, having capacity of 1,200 Kg grass per Batch. Mr Jambhale, the proprietor of this company has excellent technical expertise in the process engineering field and has been extremely co-operative and professional in his area of operation. He goes out of the way to ensure that the customer is fully satisfied on all technical aspects even if some part of supplies / services are not specifically mentioned in the formal Purchase Order / agreement. Their workmanship has been excellent and they are capable of delivering results within agreed time frame.

Our plant has been working quite satisfactorily and we recommend this company, truly dependable and capable contractors, to their prospective customers.

We wish this company all the best in their future endeavors!

For Ion Exchange Enviro Farms Limited

Pradip Nawathe
Associate Vice President- Commercial
