### TO WHOM SO EVER IT MAY CONCERN

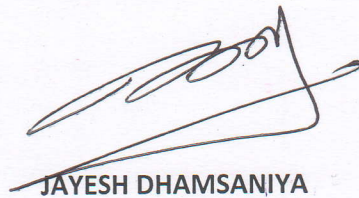

We have purchased 4 cyclone starch recovery machine from Vimson india engineers, which is in Pune, Factory Address is J-500, Midc, Bhosari, Pune.

Machine is working smoothly and we are recovering good quality starch. Moreover there is definitely a positive impact on the load of ETP and we are happy with the decision of dealing with **VIMSON** India Engineers.

Mr. Jambhale, managing director of the company has excellent technical expertise in the process engineering field and has been extremely cooperative and professional in his area of operation

We strongly recommend this company, and we wish them a good luck for future.

For Shreeji Namkeen Waffers,

JAYESH DHAMSANIYA  
( PROPRIETOR )
